Ed-

Thanks for your call earlier today. By copy of this email, I am letting our Chief Counsel, Vanessa Sutherland, know that we've spoken.

I indicated that I would send you two documents. The first is the incoming letter we received from Beth Parke, with the Society of Environmental Journalists. It seems that a bunch of people at EPA received copies, but not you. The second is the Corrective Action Order that we issued to Exxon on April 2.

If we can be of any help to you as this case unfolds, please let me know.

Jim
